

## TUTORIAL TIPS:

- **Read Aloud!** Pronounce each word distinctly and clearly.
- Don't stop at words that you stumble on. Read straight past them till the end of the sentence, then return to resolve them.
- Read each chapter twice.
- If you are having great difficulty progressing, backtrack (through the current or previous chapters) until you find paragraphs that are easy to read and restart from there.
- Keep a printed copy of the read alphabet on hand. It is quicker and easier to look at a paper copy than to access (eg: restore/scroll/minimize) a computer window if you need to jog your memory about a particular letter
- Prove your progress to yourself: before starting an odd numbered chapter, read the last paragraph of the next chapter and note its degree of reading difficulty. Once finished these two chapters, re-read the last paragraph and compare to the first reading.
- Budget between 70 to 100 minutes to read and re-read each chapter.
